## PROGRESSIVES OF COUNTY ORGANIZE

### JACKMAN HEADS COMMITTEE OF COUNTY

Heney Addresses Mass Meeting, Outlining Progressive Fight

ADMINISTRATION IS GIVEN INDORSEMENT

Beatty Favors Putting Out County Party Ticket Top to Bottom

By a vote of 82 to 40, the mass meeting of Progressives Saturday afternoon organized a new county central committee by electing members of the Republican Central Committee that had adjourned sine die as members of the new Progressive Central Committee.

The mass meeting advised the new central committee to elect S. J. Jackman chairman and P. L. Tople secretary of the new committee. That was done after the mass meeting at the first meeting of the new committee.

A splendid address was given by Francis J. Heney of San Francisco. Heney outlined the principles of Progressivism in a clear and interesting manner.

John Beatty, Mrs. S. M. Davis and L. H. Wallace, state central committee men, took charge of the mass meeting after the Republican County Central Committee had adjourned sine die. Wallace E. E. Keach and Steele Finley had urged that committee to go out of existence by resignations, the adjournment method was pursued.

Beatty called the mass meeting to order. The drill hall was filled with a crowd of people gathered to hear the speaking.

He said that the reactionaries in this county were guilty of treachery to Gov. Johnson in 1910 after Johnson had won the Republican nomination, so that instead of Johnson getting a majority of 1800 in this county he got only 335. He declared that the reactionaries here also voted for Kettner, who joined with Underwood in congress to pass a low tariff bill.

"Personally I prefer going down in defeat under Progressive colors than to compromise any principle in order to get success," said Beatty. He said that he favored getting out Republican, Democratic and Progressive county tickets from top to bottom in this county.

B. G. Balcorn of Fullerton was elected chairman of the mass meeting and P. L. Tople of Santa Ana secretary. Tople nominated Balcorn and F. M. West of Fullerton nominated Tople.

Anderson's Resolution

Senator Anderson said that the old committee had done good work, and was satisfactory to most people. He said that if his resolution was not passed there would be trouble, and his resolution was in the interest of harmony. The resolution follows:

"Commending the official acts of the members of the recent Orange County Republican Central Committee, who are all Progressives, and commending them for their unselfishness and loyal patriotism to the cause they were selected to serve and notwithstanding the fact that they were elected for the full term of two years they have voluntarily terminated their legal existence as committee men in order that the name of the committee which is the only change necessary, might conform to that of the state and nation, and further having full confidence in the fidelity and ability of said former members of the now defunct Republican Central Committee who were selected and elected by Progressives in their several precincts and hence are representative Progressives; thereof

"Be it resolved that all the former members of the said defunct committee be elected as members of the Orange County Progressive Central Committee and that they be instructed to meet with the approval of the Progressives of Orange County here assembled to organize said Progressive committee at once, by electing the same officers and the same executive committee as they existed under the old committee; and be it further

"Resolved that it is the wish of this meeting that any vacancies that now exist or that may occur hereafter by resignation or otherwise be filled by Progressive women who will co-operate in the duties of said committee."

Anderson moved the adoption of the resolution and L. E. Smith of West Orange seconded. Sweet of Santa Ana commended S. J. Jackman highly, and said he was a hard worker. He said Jackman ought to be re-elected chairman.

E. E. Keach opposed the resolution.

### Progressives Pledge Support to Governor

Resolutions passed by Orange County Progressives Saturday follow: Resolved, that this meeting highly commends and heartily endorses the administration of Governor Johnson, and hails with satisfaction and gratitude the announcement that he is to be a candidate for re-election.

Resolved, that his administration has been characterized by courage, patriotism and ability of the highest order, and has been and will be of incalculable material and moral value to the state and the nation.

Resolved, that we recognize and applaud the personal and professional sacrifice made by Mr. Johnson in becoming a candidate in 1910, and that we regard the candidacy of Governor Johnson for re-election in 1914 as further and weightier evidence of his unselfish devotion to the high calling of good citizenship and civic duty.

Resolved, that we hereby pledge the candidacy of Governor Johnson our hearty and unswerving support.

He said the course laid out by the resolution is not conducive to harmony. Adjournment sine die did not put the Republican County Central Committee out of existence. The Progressives were still members of that committee. There is no law under which the new committee can organize. Whatever committee is formed will have no legal standing. The new law provides for selection of committee men by supervisorial districts, to be based upon registration in June. He believed in giving the re-organization back to the people at once in selecting a new committee. He would not take program, and though the method of adjournment was the same as that used by the state central committee, Keach did not think it proper. Personally he said he did not want to be a member of two central committees at once or of "any such uncertain hybrid committee as proposed."

Keach's position was backed up by a representative from Orange, F. M. West of Fullerton attacked Keach, declaring that Keach had opposed Progressive candidates for the legislature. Keach protested against the use of personalities, and Chairman Balcorn urged that none be used. West said he thought the Progressives of the county would endorse Anderson's resolution. A vote was called for, and division was asked. The resolution carried 82 to 40.

J. P. Baumgartner offered the resolution commending Gov. Johnson and his administration and pledging loyalty and support. This resolution was adopted with enthusiasm.

On Progressivism

Francis J. Heney opened his address by saying that Abraham Lincoln took part in organizing a new party in order to free the blacks.

"We have had to organize a party," said Heney, "in order to free 95,000 whites, because both of the old parties had fallen under the control of special interests, so that a few built up huge fortunes upon the wrecks of human lives. Inequality of wealth destroys equality of opportunity."

"Roosevelt was entitled to the Republican nomination, yet that nomination was deliberately stolen from him. Unless we get this nation's laws so fixed that such a thing cannot happen it will be idle for us to talk about the will of the people. If that is the case, we are no better off than Mexico. If they will steal a nomination if necessary for their ends they would steal a presidency after election."

"To better conditions the Progressives have certain measures in its proposed machinery of government."

"First, in every state there should be an initiative and referendum law. Second, the recall. Third, the direct primary. Fourth, every human being of proper age and mind the right to vote."

"Under Governor Johnson we have accomplished that program, including woman suffrage. In this state we do not propose to let anyone steal what the people want."

"A national Progressive party is mandatory because in many of the states the primaries resemble an election in Mexico. We laugh at Mexico, but it was 1887 before we got a secret ballot, and we had to go to Australia to learn how to do that. In two-thirds of the states of the Union it is no offense to stuff the ballot box or vote fraudulently at the primaries. Until three years ago we were in about that fix in this state."

"With such conditions we are not a free people in this nation. Some people think to be born free is something like being born with a hairlip—you don't have to do anything to keep it. The Progressives have a great deal still to do to get and keep freedom."

"I say make every man who is running for office, state to you how he stands upon any subject in which you are interested."

"The Progressives have still another program, that for social and industrial justice, equality of opportunity for all. Much has been accomplished along these lines, and the people of this state are greatly indebted to Governor Johnson for what he has done in his remarkable administration. He had a marvelous power of control and influence to get the legislation he wanted. The Progressive measures put through in this state will stand the test of time."

Following Heney's address, the new central committee met and elected Jackman chairman and Tople secretary.

MOTHER JONES ARRESTED

TRINIDAD, Colo., Jan. 12.—Mother Jones, here in the interest of the striking coal miners, was arrested at noon by Lieutenant Nichols and five guards of the Colorado National Guard. Soldiers entered the Toltec Hotel to make the arrest.

## STRIKE STATUS IN AFRICA IS SERIOUS

Affiliated Building Unions to Strike in Sympathy—Famine Menaces

PRETORIA, Jan. 12.—The affiliated building trades unions in South Africa today ordered the members to strike in sympathy with striking railroad men. A complete labor tie-up is threatened.

TROOPS HELD IN READINESS—FAMINE IS THREATENING

CAPETOWN, South Africa, Jan. 12.—Though Sunday was comparatively a quiet day as far as the railroad strike was concerned, the authorities remained on the alert today. Traffic is nearly at a standstill in Orange state in the Transvaal. It seemed certain today that famine will follow.

Threats of a continued general strike were made at Johannesburg, where the trade federation at a mass meeting yesterday adopted resolutions favoring a general walkout.

Strong military force is held here in readiness. At Johannesburg and Pretoria the native situation continued critical, although the blacks are yet subdued after the death of seven of their number on their first outbreak Saturday.

HOP RIOT TRIALS ON AT WHEATLAND

Murder Charge Against Group Involved in Trouble of Some Months Ago

MARYSVILLE, Calif., Jan. 12.—The wheatland hop field riot trials began today with murder as the charge. The men killed were District Attorney E. T. Maxwell and Deputy Sheriff Eugene Reardon. In the same riots, two unidentified laborers were killed and several were wounded.

The first four men to be tried will be Richard Ford, Foreman D. Suhr, Harry Hogan and J. Beck, who elected to go to trial jointly. Edward Malouf and Earl Conkley will be tried separately later. Judge E. P. McDaniel will preside.

The riot occurred last summer on the Durst ranch at Wheatland, where 2000 people were employed in harvesting hops. The trouble came when a committee of workers demanded better wages and improved working conditions.

STEEL MILLS OPEN IN PITTSBURG-NEW LIFE IN BUSINESS

PITTSBURG, Jan. 12.—The steel mills that have been closed from one to three months on account of lack of business, began opening today throughout the Pittsburgh district. It will be the end of the week before they can be running normally, but the steel men said today that by that time 50,000 more employees will be at work than on last Saturday. Feeling in business circles is naturally extremely hopeful as a result.

U. S. SUPREME COURT ADJOURNS

WASHINGTON, Jan. 12.—The supreme court adjourned today without deciding any of the important pending cases.

## CONGRESS WAS IT IS CARRYING RECONVENED FIVE MILLION AT NOON INSURANCE

Session Likely to Continue Until Midsummer—Calendars Both Houses Jammed

ALASKA R. R. BILL GOES BEFORE SENATE TODAY

Senate Asked to Probe Copper—Important Legislation is Programmed

WASHINGTON, Jan. 12.—Congress started today upon the second stage of the long regular session with the calendars of both houses crowded with legislation of far-reaching character. Refreshed by nearly three weeks' vacation, the first complete relaxation since President Wilson convened the special tariff-currency session last April, senators and representatives have returned to Washington, keenly interested in the prospective developments of the next few months.

Regulation of the trusts through further corrective and prohibitory legislation will hold much of the attention of both houses, but other subjects are to share the legislative arena with the corporation measures. The first of the trust bills to bear any official status are expected to appear the present week, and the indorsement of the Democratic membership of the House judiciary committee, and the scope and terms probably will reflect the views of President Wilson and Attorney General McReynolds.

WASHINGTON, Jan. 12.—Congress reconvened at noon. It is expected the present session will continue until midsummer as the calendars of both houses are jammed. The senate was scheduled to consider the Alaska railroad bill this afternoon.

Congressional investigation of the Michigan copper strike was asked today in a resolution introduced into the senate by Senator Ashurst of Arizona. It provides that the senate education and labor committees inquire into the history and status of the relations between employers and employees, the reasonableness of the strikers' demands, the amount of money invested by the various companies and the dividends paid; also whether the immigration laws have been violated and whether the companies maintain copper prices in restraint of trade.

WASHINGTON, Jan. 12.—Congress reconvened at noon. It is expected the present session will continue until midsummer as the calendars of both houses are jammed. The senate was scheduled to consider the Alaska railroad bill this afternoon.

That is Amount Written in Farmers' Mutual of This County

DIRECTORS CHOSEN AT MEETING TODAY

Hargrave and Jones Are Put on Board by the Stockholders

At the annual meeting of the policyholders of the Orange County Farmers' Mutual Fire Insurance Company, held at G. A. R. hall this morning, the report of the secretary, Edward Claffee, showed that the amount of insurance in force in the company is \$5,019,325, a net gain of \$812,215 in 1913. There was no assessment made in 1913, and the losses paid in that year totaled but \$1,350.57. Since organization the company has paid \$18,861.97 in losses.

S. E. Chaffee of Garden Grove, T. H. Smith of Tustin, C. F. Crose of Santa Ana, W. Dean Johnston of Westminster and G. B. Key of Placentia were re-elected as directors. R. W. Jones of El Modena was elected to take the place of T. M. Filippin, deceased, and R. M. Hargrave, for several years president of the company, was elected in place of Fred Gerken of West Orange.

At the meeting today a motion to raise the president's salary from \$100 a year to \$250 was defeated.

Arrangements are to be made by the company to entertain the delegates from other farmers' mutual fire insurance companies that are to meet here in April.

A resolution was passed favoring a change in the state law that compels the company to pay a corporation tax. The company is not run for profit, and the policyholders believe it should be exempted from corporation taxes.

WASHINGTON, Jan. 12.—Congress reconvened at noon. It is expected the present session will continue until midsummer as the calendars of both houses are jammed. The senate was scheduled to consider the Alaska railroad bill this afternoon.

Father of Parcels Post Favors Government Telegraph Lines Now

David J. Lewis, member of the house of representatives from Maryland, has introduced a bill for the government ownership of telegraph and telephone lines. He was the author of the bill for the parcels post, which now works successfully.

This action was taken by the Maryland congressman following the announcement by Attorney-General McReynolds that an arrangement had been made by him and officials of the American Telephone Company for it to give up its stock in the Western Union company. The ownership of Western Union stock by the telephone company was believed to be in violation of the Sherman act, but the attorney general and President Wilson undertook a peaceful settlement in preference to a fight in the courts.

The bill of Mr. Lewis is in line with the report of Postmaster-General Burleson, who advocated government ownership of the wires. Dispatches from Washington, however, indicate that the President will not indorse the recommendations of his cabinet officer.

General Villa denied that he had executed any federal prisoners at Ojinaga, saying that the majority of the captives had joined the rebels.

WASHINGTON, Jan. 12.—Twenty-eight hundred Mexican federal soldiers, six generals, 200,000 rounds of ammunition, two cannon, four large field pieces and 1500 civilian refugees were in the custody of the United States army border patrol yesterday as the result of the federal army's evacuation of Ojinaga, Mex., its flight to American territory and the occupation of the Mexican village by Gen. Francisco Villa's rebels Saturday night.

The distress of the refugees is appalling. They have scant food and no shelter. Men, women, children, dogs and chickens and cattle are packed together in a space covering several acres.

Other results of the rebel successes, which place Gen. Villa's army in undisputed control of a vast section of Northern Mexico, are: Federal Gens. Mercado, Castro, Orphinal, Romero, Adorno and Landra are in custody of the United States troops awaiting their disposition by the War Department.

Gen. Pascual Orozco and Gen. Ynez Salazar, federal volunteer commanders, escaped along the border to a point remote from Presidio. Salazar was wounded. They were accompanied by Gen. Caraveo and Gen. Rojas and 300 cavalymen. Salazar and Orozco are being watched for in the United States on indictments charging them with violating the neutrality laws.

4500 REFUGEES IN CAMP TODAY AT PRESIDIO, TEXAS

PRESIDIO, Texas, Jan. 12.—Forty-five hundred refugees, including the defeated Ojinaga garrison, are in the concentration camp here today. They are without clothing except what they wore, food and shelter. There is much sickness, although there have been no deaths yet, except from wounds. American pack trains are rushing supplies from Marfa. The nearest railroad point is seventy-eight miles away. The rebels say that twenty-seven rebels and eighty federalists were killed in the final assault on Ojinaga Saturday night. It is reported, however, that the rebel losses were greater than this estimate.

## TWO FIRES IN TWO CLOSETS DRESSES BURN

Remarkable Similarity in Con-  
flagrations that Occurred  
Yesterday

Two fires of remarkable similarity occurred yesterday. In two homes within a few hours fire broke out in closets and destroyed in each family a large percentage of all the clothing there was in the house. In neither instance was serious damage done outside the closets.

It was about 10:30 o'clock that smoke was discovered by Mrs. A. W. Rutan at the Rutan home at the southwest corner of Tenth and French streets. Investigating, Mrs. Rutan opened a closet door and found the interior all ablaze. She slammed the door, and rang up the fire department. The fire was in a closet off an upstairs bedroom. The firemen used a chemical stream, and soon had the fire out. Everything in the closet was destroyed—dresses, suits, hats, etc.

Mrs. Rutan could give no guess as to how the fire started further than that she had been bathing her little child in front of the fire, and possibly a spark caught in the wrapper she wore. She put the wrapper in the closet without noticing any smoke or fire. Attorney Rutan was not at home.

About 4 o'clock yesterday afternoon another closet fire occurred at the home of Frank Bemus, 725 South Main street. How it started no one knows. The flames broke out in a closet downstairs off Mr. and Mrs. Bemus' bedroom, and went through the ceiling into a closet upstairs in which Misses Hazel and Faria Bemus, teachers, had most of their clothing. The firemen were called, and a garden hose was used to put out the flames.

The losses at both the Rutan and Bemus homes are covered by insurance.

## GRANDMA USED SAGE TEA TO DARKEN HAIR

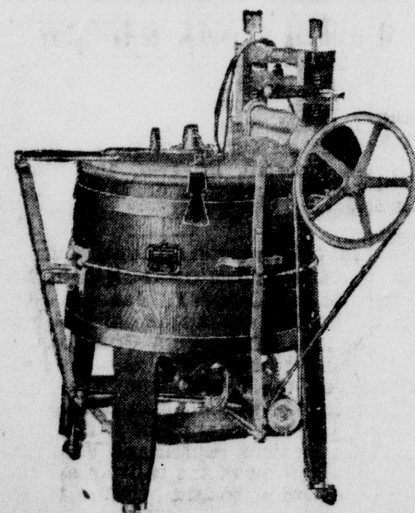

She Mixed Sulphur With It to  
Restore Color, Gloss,  
Thickness

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe as follows, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.—Advertisement.

## BOUNDARIES WERE SETTLED IN YEAR 1873

Attorney Has Copy of the De-  
cision in Squatters'  
Case

Attorney H. J. Forgy of Santa Ana has received a copy of the decision of the Department of the Interior in the application of the El Toro squatters for a government survey of the 1500 acres claimed by the squatters to be government land. That the department has decided adversely to the squatters was published in the Register about two weeks ago. The decision shows conclusively that the boundaries were fixed and a survey accepted in 1873. Attorneys Scarborough & Forgy represented the Irvine Co. and L. F. Moulton in the contest. The decision was rendered by the first assistant secretary of the Department of the Interior at Washington on an appeal from the general land office. It reads as follows:

"March 8, 1913, the Department affirmed the action of the Commissioner of the General Land Office in rejecting the homestead applications of James H. Sherman and others for certain lands in township 6 north, range 8 west, S.B.M., Los Angeles, California, land district, for the reason that the lands had not been surveyed and opened to homestead entry. The applicants had likewise filed applications for the survey or re-survey of the lands applied for. The Department in the decision referred to stated that the question of survey would be considered independently of the applications for entry. The lands applied for aggregate about 1500 acres, 500 acres of which have been regarded as being a part of Rancho San Joaquin and about 1000 acres of which have been considered as a part of the Rancho Alisos.

Said ranches were surveyed in 1858. In 1872 William P. Reynolds was commissioned to retrace the southern boundaries of these ranches, and to survey the adjacent public lands. He made returns, cutting off a considerable portion of the lands on the southeast of Rancho San Joaquin, and on the southwest of Rancho Alisos. His return was not accepted, and he was directed to again run the lines of the boundaries of said ranches, which he did in 1875, whereupon he added approximately 500 acres to San Joaquin and about 1000 acres to Alisos over his first returns, which are the lands now applied for. He then surveyed the adjacent public lands and they were platted and have been disposed of.

"The lands involved have been considered as private lands for about forty years. Relying upon the survey, the ranch claimants transferred portions of the lands to different persons, who have homes upon the lands, and have improved the same by buildings and orchards of great value. All of the facts and circumstances in the case have been carefully considered, and the Department sees no sufficient reason for granting the applications for survey. The decision appealed from is accordingly affirmed."

## WEBSTER IS NOT A REGISTER EMPLOYEE

The Midland Hotel of Fullerton and the Register and probably several others are anxious to know the whereabouts of a man who, some six weeks ago, was working for the Fullerton Tribune as a solicitor. At that time he signed his name on the Midland Hotel register as A. P. Webster. He is described as a short man, about 50 years old, dark hair turning gray, mustache, wears glasses, fluent talker, unusual personality.

He jumped a week's board bill at the Midland Hotel about the first of December. U. Sid Lemon, a newspaper man at Anaheim, told Edgar Johnson today that he saw Webster last Friday, in Anaheim, soliciting for the Santa Ana Register.

The Register had no solicitor at work in Anaheim last Friday, nor has it ever had A. R. Webster in its employ.

## "TIZ" GLADDENS SORE, TIRED FEET

"TIZ" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters and bunions.

"TIZ" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "TIZ" brings restful foot comfort. "TIZ" is wonderful for tired, aching, swollen, smarting feet. Your feet just tingle for joy; shoes never hurt or seem tight.

Get a 25 cent box of "TIZ" now from any drug or department store. End foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy.

Try Mell Smith for fine watch and clock repairing. 304 Main street.

## PARENTS GIVEN BLESSINGS TO THEM

Sisters Married in San Diego  
Last Week Return to  
Husbands

Saturday afternoon Mrs. R. M. Washburn and Mrs. R. J. Zink returned to San Diego to join their husbands. Until last week the names of the two girls were Gertrude and Adelia Ramsey, formerly of Santa Ana, and whose parents now live at Orange. The girls stole a march on their parents, went to San Diego and were married there. Gertrude married R. M. Washburn, an employe in one of the biggest furniture stores of San Diego, and Adelia married R. J. Zink, a trusted clerk and collector of a big electric concern.

C. G. Ramsey went to San Diego and located the couples where they had set up housekeeping. The girls returned for a visit of a day or two at home, and returned to San Diego with parental blessings.

## REPUBLICANS JOIN CAMPAIGN FORCES

Los Angeles County Committee  
Calls Harmony Meeting;  
New Organization

Los Angeles Examiner: Old-guard Republicans of the county got shoulder to shoulder yesterday in alignment for the coming campaign, in a harmony meeting called by the executive committee of the county central committee. Consolidation of the County Republican League and the Republican Club was practically effected, the new organization to be called the Republican League of Los Angeles County, and plans are to be worked out in detail early in the week for a mass meeting January 25.

It was agreed that E. P. Johnson will be president, Fred J. Spring, vice president, and Edward Baker secretary of the new club, that arrangement having been reached yesterday by representatives of the two old clubs at a meeting prior to the executive committee meeting in the office of Oscar L. Horn, secretary of the county central committee, in the Washington building.

Judge N. B. Blackstock, chairman of the committee, presided at the larger meeting. Leo Youngworth and Fred J. Spring, who has been president of the Republican Club, reported the progress made in consolidation of the clubs. F. C. Roberts of Long Beach moved that the county central committee declare its purpose to cooperate with the new club and other clubs of the various sections of the county, and the motion carried with enthusiasm. On motion of Mr. Roberts also the chairman was authorized to appoint a committee of five to meet a similar committee from the club to outline plans for the campaign.

Judge Blackstock appointed Mr. Roberts, Phil A. Stanton, Vincent Morgan, Oscar L. Horn and H. S. McCallum.

**For Frost Bites and Chapped Skin**  
For frost bitten ears, fingers and toes; chapped hands and lips, chilblains, cold sores, red and rough skins, there is nothing to equal Bucklen's Arnica Salve. Stops the pain at once and heals quickly. In every home there should be a box handy all the time. Best remedy for all skin diseases, itching eczema, tetter, piles, etc. 25c. All druggists or by mail, H. E. Bucklen & Co., Philadelphia or St. Louis.—Advertisement.

Watch this space tomorrow for particulars

## UGHTER IS NOW MOTHER IN JAY GOULD'S GRAND-DAU BRITISH NOBILITY

Had Jay Gould, the first of the great American speculators, lived to this day, he might now be dandling on his knee a little lady of British nobility—his own great grand-daughter. For his grand-daughter, the daughter of his eldest son, George J. Gould, has just arrived in the United States with her husband, Lord Decies, and their daughter. Lord and Lady Decies will visit their relatives in New York for several weeks before going back to London.

Lord Decies is a democratic sort of British nobleman. For instance, he

came to the United States booked as John B. Decies.

"That ought to be democratic enough even for Mr. Bryan," said he.

Then, of course, he was asked if he believed in woman suffrage. "Women should have been granted the ballot long ago," said he. "If they had been given their rights we should not have had these militant suffragettes. There would then be no cause for the burning of buildings and the other outrages we have almost become accustomed to within the last few years."

PASADENA IS MODEL FOR NEW CITY MANAGER

CHICAGO, Jan. 12.—Herbert H. Sherer has been appointed general manager of the town of Glencoe, on the north shore, at a salary of \$150 a month. He says Pasadena is a model city and that he will strive to make Glencoe as much like the California city as possible.

## CHICAGO TO ESTABLISH CITY STORE FOR POOR

CHICAGO, Jan. 10.—Twenty-five thousand dollars, to be devoted to the establishment of a municipal store for Chicago's poor, has been voted by the council finance committee upon recommendation of the commission on employment, headed by Prof. Charles R. Henderson. Goods will be bought with tickets issued to the needy by the county agents.

4 DEAD, 22 ILL OF SMALLPOX ON OHIO

WASHINGTON, Jan. 12.—That twenty-two of the crew of the battleship Ohio are ill with smallpox, and four are dead, was admitted by the Navy Department today.

## ORANGE COUNTY TO GIVE MORE SIGNATURES TO THE ANTI-PRIZE FIGHT PETITION

Orange county has been called upon to come to the rescue of the Anti-Prize Fight initiative petition. There is a shortage of names on the petition, and unless 2500 names are secured in various parts of the state within the next two weeks, the matter cannot be voted upon.

S. J. Jackman has received the letter printed herewith. He states that any person willing to circulate a petition to get additional names should communicate at once with him. This county has already turned in nearly 2800 signatures to the petition. The letter received by Jackman from Los Angeles follows:

Information received this day from the North shows that we yet need 2500 names on our Anti-Prize Fight

No orders under \$2.00 delivered.

## WIDE INTEREST IN BANTAM SHOW

All Kinds of Cage and Aviary Birds Are to Be Exhibited Here

The great California bantam, pigeon and cage and aviary bird breeders' show is near at hand. It will be held in Santa Ana Jan. 20 to 24, 1914. The Orange County Bantam and Aviary Club, under whose auspices the show is being promoted, is busy arranging details, and soon everything will be in readiness. Entries are coming in very satisfactorily and a fine show is assured. Entries close January 12 and anyone having birds to show should see that they are properly entered on time. Premium lists and entry blanks can be had from the show secretary, Theo. Reuter, 909 Grand avenue, Santa Ana, or B. F. Keuchel, Orange. Bantams, pigeons, canaries, parrots or any other kind of fancy cage or aviary birds can be entered in the show.

The show is attracting nation-wide attention and many of the leading poultry papers are devoting much space to it. The Bantam Magazine, published at San Jose, has taken a lively interest right from the start, and in its January number devotes about five pages to articles written by some of the leading breeders from Brooklyn, N. Y., to San Francisco, all congratulating California on the great show to be held at Santa Ana January 20 to 24, and commending the very excellent premium list which the local club has been able to issue through the hearty co-operation of the people of Orange county.

## GIFT OF \$5,000 IS MADE TO A HOSPITAL

Dr. L. R. Metzgar of Pasadena, formerly of Santa Ana and an uncle of J. C. Metzgar, has made a gift of \$5,000 to a Pasadena hospital. The Pasadena Star says:

"The power of the Pasadena hospital to increase its efficiency and enlarge the scope of its usefulness has been markedly augmented by the thoughtful generosity of Dr. L. R. Metzgar who yesterday gave the hospital management his check for \$5000, endowing in perpetuity a bed in the surgical ward and the further sum of \$100 for a life membership in the hospital association.

"Dr. Metzgar is a retired physician of this city, formerly of Pittsburgh with many years of large and successful practice to his credit. His hospital experience has been extensive and his interest in the Pasadena hospital, he states, dates from his discovery of the fact that the institution is not organized for profit-making, and that the beds and rooms endowed by individuals and churches as well as the free beds maintained by the hospital itself are devoted to the use of patients unable to pay for such service.

"Dr. Metzgar's wish that the income from his \$5000 gift shall be devoted to maintaining a free bed in the surgical ward will be carried out.

"The gift, representing the highest type of benevolence, is a means to the end sought by the hospital authorities to secure a sufficient endowment fund to care for all charity and semi-charity cases in the community deserving of free hospital service."

## GARRISON PLANS NOW COMPLETED

Army General Staff Works Out Details for Hawaii and Panama Canal Zone

WASHINGTON, Jan. 12.—The army general staff has completed plans for the maximum garrisons proposed for Hawaii and the Panama Canal zone. It is planned to maintain in the Hawaiian Islands as a "permanent" garrison six infantry, one cavalry and one field artillery regiment, thirteen companies of coast artillery, one battalion of engineers, two signal and two medical corps companies and one aeronautical platoon.

In the canal zone, the garrison is to consist of three infantry regiments, one squadron of cavalry, one battalion of mountain artillery, twelve companies coast artillery, one company engineers, two signal and one hospital corps companies.

## BOY OF FIFTEEN MAY BE CHAMPION SWIMMER

Gilbert E. Tomlinson of Philadelphia is the 15-year-old boy who sprang a real sensation last summer, when, practically a novice, he broke the one-mile national swimming record and then captured the half-mile title of supremacy from a large and representative field. Competent judges have pronounced him as promising a middle distance paddler as ever was the great C. M. Daniels a sprinter.

Experts believe that within a few years he will be one of the notable champions.

## T. H. FOWLER QUILTS "MOVIES" HERE--MADE GOOD IN SANTA ANA

T. H. Fowler has severed his connection with Clune's theater and will make an extended visit east before engaging in business again. Mr. Fowler can be credited with starting the three moving pictures shows now running in Santa Ana. He it was who caused the Bell theater to be built and he was its first manager. After selling the Bell, Mr. Fowler converted a business room into what is now the Lyric theater. After running that house for a few months he promoted the building of the Auditorium, now known as Clune's Theater. By the withdrawal of "Doc" Roberts from the local field, Fowler became the pioneer moving picture manager of Santa Ana.

Mr. Fowler deserves credit for having built the Auditorium, which is undoubtedly one of the best moving picture show houses in this part of the country. That Mr. Fowler's work is appreciated here is shown by the fact that at least two flattering offers for the building of moving-picture houses for him, one of them to be of 1600 seating capacity, have been received by him recently. These have both been declined.

## POPE SANCTIONS CHURCH DECREE AGAINST COUNTERS

ROME, Jan. 12.—The Pope has formally sanctioned the Segnatura tribunal's rejection of Countess de Talland's appeal against the annulment of her marriage to Count Boni de Castellane. This means the Rola tribunal, or lower clerical court, which granted the annulment, will ratify it, ending the incident so far as the church is concerned.

## 12 MAROONED. CALL BY WIRELESS FOR AID—TUG TO RESCUE

SAN FRANCISCO, Jan. 12.—Response to a wireless from a lightship outside the heads, the tug Sea Rover is rushing to Drakes Bay to rescue twelve of the crew of the Union Iron Works' wrecking steamer, Iqua, who are marooned on the wrecked steamer Pomo, which they were trying to save. A sudden gale compelled the Iqua's captain to put to sea, leaving the men behind. It was believed the Sea Rover will save the men unless the gale increases.

## Couldn't Call It Stealing

"Whether you believe or don't believe in the tariff, you'll admit that we'd have fewer multimillionaires if we'd never had high protection."

The speaker, Representative Abercrombie, lighted a cigar and resumed:

"This sort of thing reminds me, just a little bit, of old Calhoun Clay."

"Is this your first theft, Cal?" the old man's mistress asked, after she had caught him walking off with a bottle of beer.

"Yas'm, Cal replied, 'Yas'm. I reckon dish-yere's mah fust theft, mum.'"

"Now Cal, be careful," said the mistress, smiling, for she liked the old man well. "Didn't you sometimes use to take a chicken from the 'ole massa' when you were a young fellow down south?"

"Why, yas'm, mebbe I did take jes' one chicken," Cal agreed. "But dat wa'n't no stealin', mum. Dat wuz jes' prop'ly takin' prop'ly to suppo' prop'ly."

"—Washington Star.

### WORTH CONSIDERING

Dean Hunt of the state college of agriculture has evolved a plan for long time agricultural loans. He proposes that instead of the government loaning its deposits in its postal banks to other banks at two per cent interest, it should loan these funds directly to farmers upon reasonable terms.

He advises that the best thing that can be done is to forget all about the European system of farm credits and to work out a system here adapted to American needs and based upon American customs of doing business.

"What is needed is some method of replacing the opportunity that existed under the homestead act," says Dean Hunt. And then he goes on to elaborate his scheme for the solution of the problem as follows:

"No young man can obtain employment in the government service without passing a civil service examination. No person can teach in the public school without a teacher's certificate. No physician or pharmacist may practice his profession unless he shows a certain technical knowledge. No man can occupy the pulpit without demonstrating his fitness.

"Suppose a young man could pass an examination in agriculture, suppose he could present evidence of practical farm experience, suppose he had actually earned and saved a given amount of money, suppose he had a reputation for honesty and good habits, why should not the state lend him money on terms similar to those on which the state now keeps six million dollars on deposit in banks, or why should not the United States loan its postal deposits on terms similar to those on which it now loans it to saving banks.

"The postal deposits are loaned to savings banks at two per cent. The state loans its surplus at two per cent. Suppose a young man, having saved one thousand dollars, could go to the state or to the United States and borrow four thousand dollars not at two per cent but at three per cent. If he should pay six per cent on this amount, or two hundred and forty dollars annually, at the end of twenty-five years, approximately he would have cancelled the principal and interest.

"I do not ask you to assume that there would be no difficulties in the execution of this plan. I merely desire to convince you that some such method would be worth while. I am perfectly familiar with the arguments that have been used and will be used why the United States and the state may loan money to banks and may not loan it to individuals. My reply to all these arguments is that we have before us a matter of the deepest national concern. If men of brains and character, in the future as in the past, are to cultivate the land, they must have an even chance with their wage-earning brothers. Every man is going to try to make for himself and family a comfortable home. If he deems he cannot start with an even chance on a farm, he will go elsewhere. This is not a plan to help the farmer; it is a plan to help the nation. When the people come to understand that this is so, a way will be found by which money may be loaned to individuals as well as to banks and upon such substantially equal terms."

### ILLUMINATION FOR OFFICE AND HOME

Why is the use of glasses so frequent at the present time, as compared with only a few years ago? Perhaps the chief cause is the ignorant or careless adjustment of the light to the reading or working position. This is particularly true in the large modern office, where the chief thought in the arrangement of the desks for clerks and stenographers is economy in floor space. Proper illumination of this work is of secondary importance. Not every desk can be placed by a window, and usually windows will be found only on one side of a room, or at the end, so that ample provision has to be made for artificial lighting. Strong and even illumination is necessary. Desk lamps should be thoroughly screened so that they cannot shine into anybody's eyes. They should be so placed that there is no shadow of the hand or pen on the paper when writing. A frosted globe gives a softer light than the ordinary unfrosted globe, and a 16 candle-power lamp usually gives sufficient illumination for the ordinary desk work. Too strong a light is just as trying to the eyes as too weak an illumination. A north light is the best, being soft and steady. All desks near windows should be so placed so that the light comes from the left side. The old rule given for reading and writing, that the light should come obliquely over the left

shoulder, well illustrates ordinary requirements. In the modern home the incandescent electric lamps hold first place as an illuminant. They should always, however, be furnished with ground bulbs, or, better, so shaded as greatly to reduce their otherwise very high intrinsic brilliancy. Where the mantle gas burners are used they should always be shaded, both to reduce the brilliancy and to modify the hue of the light, unless some of the recent mantles, giving an amber tone to the light, are available.

### SANTA ANA FOLKS ASTONISH DRUGGIST

"We sell many good medicines but we are told the mixture of buckthorn bark, glycerine, etc., known as Adler-ika, is the best we ever sold. Santa Ana folks astonish us daily by telling how QUICKLY Adler-ika relieves sour stomach, gas on the stomach and constipation. Many report that a SINGLE DOSE relieves these troubles almost IMMEDIATELY. We are glad we are Santa Ana Agents for Adler-ika. The Rowley Drug Co.—Advertisement.

### STOCKHOLDERS' MEETING

The annual meeting of the stockholders of the Home Mutual Building & Loan Association of Santa Ana will be held at the office of the Association, 419 N. Main street, Monday, January 12th, 1914, at 7:30 p.m., for the election of directors and such other business as may properly come before that meeting.

O. M. ROBBINS, Sec'y.

"We are closing out a line of good water colors in half pans—one half off while they last. A lot of Windsor Newton oil colors, on which we are overstocked, one-third off. The Summer Shop, 117 W. Fourth St.

## THE CITRUS FRUIT INDUSTRY

Department of Service to Citrus Fruit Growers, Conducted Especially for the Register.

Copyrighted by Reginald Brinsmead.

### CALIFORNIA ORANGES THROUGH THE PANAMA

The near future is certain to see large exports of California citrus fruits to European markets via the Panama canal. Increasing production in California and decreased all-water freight rates, and especially the shortening of time in transit, will inevitably produce this result. While California has exported native oranges to Europe for a number of years, and the fruit exchange has maintained a salaried agent in Europe with headquarters in London, the amount of fruit which has gone forward has been small, and shipments have always been spasmodic and uncertain.

There have been a number of reasons which have been responsible for this lack of expansion in the export business. It has required the best of fruit, both as to quality and sizes, to show a profit after paying the heavy transportation rates across the United States and the Atlantic Ocean. This same fruit will frequently bring a big premium on the New York auction block, and for this reason "export" cars (which are inspected as they pass through New York prior to being placed aboard steamer) may be stopped in New York and there sold, instead of being transhipped to London, Liverpool, Hamburg or other Old World ports. Then again the length of time in transit and the risk in these export shipments has been a deterrent to the shipper, particularly in the case of the Association, where the long delay in setting returns will at times necessitate holding a "pool" open for a considerable length of time.

Much has been said with regard to building up an export trade for the future, and from time to time efforts have been made to forward regular shipments, but these have never been maintained for any considerable length of time.

The opening of the Panama canal, however, will enable California fruit to be shipped by water direct to Europe, meaning cheap rates and excellent shipping facilities. The business will call for cold storage facilities aboard the regular boats for both fresh delicious fruits and oranges, so guaranteeing the arrival of the fruit at its destination in good condition.

Granted cheap freight rates, regular sailings and reduced time in transit, what are the prospects for our California oranges on the European markets?

Of the European markets London is unquestionably the most important, and the conditions met with there are largely typical of other markets, in that all draw from the same source of supply.

London draws its fruit supplies from all corners of the globe; and in connection with her orange receipts, all of the important producing countries are situated close to the sea and have cheap water transportation available. These supplies of oranges are drawn from Spain, Italy, Palestine, Jamaica, South Africa, Australia and America, by far the largest shipper being Spain.

The writer has on several occasions

canvassed both the wholesale and retail trade when in Europe in connection with the prospects for our California product. The fruit is popular and enjoys a splendid reputation, but lack of supplies at regular intervals has prevented a regular demand. As one of the leading London retailers stated on a number of occasions: "We work up a trade for the fruit, which is greatly appreciated by the consumers, and then we can obtain no further supplies, nor can we find out when more are likely to come forward with any certainty."

A leading London paper, the Daily Telegraph, the middle of last December speaks of the California fruit as follows: "Already there has been a shipment of the large, handsome, seedless oranges from California, than which nothing more elegant time to come. There are indications that the quality of the California crop is all that can be desired. These oranges are in high favor in luxurious circles, because of their fine appearance, delicate fragrance and absence of seeds."

At the present time the California fruit must sell in Europe at prices which prohibit its use in the average household. But the Panama canal will enable it to be shipped to London for less than it can now be sent to Chicago or New York, and while it can never compete with the low grades of the Spanish orange, properly handled large quantities could be sold profitably throughout Europe once a reasonable rate is established through the canal.

There is only one orange on the London market which would compete for the fancy trade, and that is the Denia, the finest of the Spanish oranges. While the Jaña from Palestine is by many considered the finest of the Christmas oranges on the market in London it cannot compete with the best of the Californias, either in quality or pack.

Recent developments on the London and other European markets, where by holding back shipments for a couple of weeks before Christmas the Spanish shippers were able to raise the price of the fruit to an abnormally high figure, have conclusively demonstrated the fact that Spain controls these markets.

As an outlet for much of the greatly increasing crops of early navels produced north of the Tehachani Europe via Panama is to prove of great importance. A ready market can be found for much of this fruit as soon as cheap transportation enables the grower to sell at a price allowing the oranges to be retailed at a figure within the reach of those of moderate circumstances.

With a rapidly growing population in the United States, by-product factories to care for the inferior grades, an export trade to handle any "surplus," the California citrus business certainly looks as if it had many prosperous years ahead of it.

### AMUSEMENTS

#### Popular Opinion

The Grand Opera House management is most fortunate in having booked for Thursday, Jan. 15 "Believe Me," with Mr. Billy S. Clifford in the title role, supported by a clever company, each member of which is a star. When the season has closed at your local house and a review of the attractions, which have been seen throughout the season, has been made, something will be radically wrong if the press and the public alike do not give this company the credit for having the most finished production of dramatic work, comedy and musical ability that has ever been seen. For presenting a new bill, the success of this company has been nothing short of phenomenal, and in many instances the house record has been smashed all to pieces. Get busy and take this show in when it comes or the one best evening's pleasure of the season will have been missed. "Believe Me."

## TO MOUNT LOWE

### Santa Ana Party of Young Women Made Week End Trip Over Famous Trail

On Saturday afternoon a group of interesting young women left Santa Ana for a week-end trip to Mount Lowe, and it is quite evident from the numberless interesting things they have to tell of the trip that they made splendid use of their eyes and their faculties of observation. The party was made up mostly of girls from the Orange County Title Company's offices and from the county offices, including Misses Myrtle Meyer, Hattie Whidden, Leslie Smith, Mary Hillyard, Monta Hillyard, Susanne Claycomb, Lulu Ott and Adelaide Willett.

From Pasadena they made the trip over the famous incline and trail to Mount Lowe in the afternoon, and were guests at the Alpine Tavern. They did not waste that part of the afternoon remaining after they reached the Tavern, but explored some of the many beautiful trails that diverge from the Tavern over the mountain. At 7 o'clock in the evening they walked to Inspiration Point, from whence a glorious panorama of valleys and splendidly lighted, prosperous cities unfolded below them and distinctly revealed by the brilliant rays flashed from the searchlight on Echo Mountain, half way to the incline.

On Sunday morning they climbed to the summit of the mountain to see the glorious sunrise, later continuing their rambles over the rugged crest and sides of the elevation. In the afternoon they walked down the mountain to the incline, three and a half miles from the Tavern, where they visited the observatory presided over by Prof. Lucien Larkin. They were received most cordially by the well known astronomer, who gave them the privilege of viewing the sun through the observatory telescope with its \$8000 lens. Prof. Larkin also took them over the observatory with interesting explanations of interesting matters pertaining to it. They greatly enjoyed the visit at the observatory and the courtesy of Prof. Larkin. The entire trip was one of pleasure as well as of mental profit. The young ladies highly praise the service at the Alpine Tavern, this being no small factor in the pleasure of a trip to Mt. Lowe.

### Attending Convention

Rev. Otto Russell, Mr. and Mrs. G. P. Hill, Mr. and Mrs. J. Willie Harris, Mr. and Mrs. L. W. Marchant, Mrs. Darling, Messrs. Marshall and Lockett, and Miss Lulu Miller, of the First Baptist church have gone to San Diego to attend the First Baptist twenty-third annual Southern California convention to be held in that city, Monday to Thursday, Jan. 12-15.

On Wednesday afternoon Rev. Otto Russell of this city will deliver an address on "Honors Due to Our Retired Veterans," and on Thursday morning a former pastor of the local church, Rev. A. M. Petty, now pastor of the "Unofficial Missions," will talk on "Unofficial Missions; the Impact of the Church on the World." Rev. R. D. Whitfield of Fullerton will speak Tuesday evening on "The Pastor in His Relations to the Other Ministers and Churches of His Community."

### Philharmonic Rehearsal

The Philharmonic Society will meet to-morrow evening at the First Congregational church for rehearsal at 7:30 o'clock.

## CELEBRATED SILVER WEDDING YESTERDAY

Their silver wedding day was celebrated very delightfully yesterday by Dr. and Mrs. H. S. Gordon. In company with their son and daughter-in-law, Mr. and Mrs. E. H. Darling of Huntington Beach, they motored to Lakeview tract, a few miles from Perris, where their other son and daughter-in-law, Mr. and Mrs. Howard Gordon, recently married, have just settled in a new home.

It was the first Sunday for the Howard Gordons in the new house and this with the celebration of the silver wedding anniversary made the day one long to be remembered. A solid silver carving set was given to Dr. and Mrs. Gordon as a souvenir of the happy event.

When evening came, the Dr. Gordons and the Darlings turned their faces Santa Ana-ward, motoring by moonlight through rugged Santa Ana canyon, where the rays of Luna danced and sparkled in a thousand silvery splinters on the rushing waters of the river as though in sympathy with the silver anniversary that had just been celebrated. The ride home was a beautiful one, romantically rounding out the happy experiences of the day.

### At Garden Grove

Saturday evening Mr. and Mrs. Percy Hudson of Garden Grove entertained a bevy of friends at their home. Both indoor and outdoor games were played and music was also enjoyed. Light refreshments were served by the hostess. The guests adjourned at a late hour thanking their hosts for their most enjoyable evening. Those present were Mr. and Mrs. Hudson, Misses Irene Thompson, Dolly Starkey, Virginia Hayes, Irene Cole, Lottie Wallace, Messrs. Harry Brookbank, Al Sturges, Floyd Rogers, Henry Wallace.

### W. C. T. U. Meeting

The W.C.T.U. will meet on Tuesday at 2:30 p.m. at the home of Mrs. W. B. Tedford, 1319 North Broadway. Subject: "A Backward and a Forward Look." All the members and friends are invited to attend.

### Monday Club

The regular meeting of the Monday Club will be held this evening in Library Hall at 7:30 p.m. Mr. Neal will present a paper on "The Problem of Poverty and some Proposed Solutions."

### All-Day Prayer Meeting

There will be an all-day prayer meeting held on Thursday, January 15, beginning at 10 o'clock, and at 2 p.m. at the Methodist Church, South. The prayer meeting is to be held under the leadership of the Women's Christian Temperance Union for the success of national prohibition. A proclamation was issued by the national president, Lillian M. Stevens, that this day be set apart by all W. C. T. U.'s for a day of prayer. All the churches, the pastors, the gentlemen and any who are interested are urged to attend.

### Travel Club to Hear Lecture

The members of the Young Ladies' Travel Club will meet on next Wednesday evening at the home of Miss Fannie Smart, 714 North Main street, Col. S. H. Finley will give a lecture on the Panama Canal. This will be a social evening and each member has the privilege of inviting one guest.

## P. T. FEDERATION MEETING Parents and Teachers from Over County Entertained at West Anaheim

The Orange County Federation of Parent-Teacher Associations held a most interesting meeting in the Loara school house at West Anaheim on last Saturday with a large attendance, delegations representing almost all of the associations in the county being present.

The meeting was opened by all standing and repeating the Lord's Prayer. Mrs. Goodale of Loara made an excellent address of welcome, followed by a splendid response by Mrs. W. B. Tedford of Santa Ana.

The morning was entirely taken up with business, including the reports of the various associations given by the presidents, and with nominations of officers. As the constitution of the federation requires that the officers be elected in two divisions, just those of the first division were nominated as follows: For president, Mrs. Lillian Whitney of Santa Ana, Mrs. Conan of Fullerton; second vice-president, Mrs. Effie Hass of Buena Park, Mrs. Lillian Kemp of Anaheim; corresponding secretary, Mrs. Lawrence of Anaheim and Prof. Houck of Anaheim; auditor, Mrs. Irene Wilson of Brea, Mrs. Shepherd of Santa Ana. These candidates will be voted upon for election at the April meeting. It was greatly regretted by the federation that Mrs. Anna Hill, who is now president, could not be a candidate for re-election owing to illness in her family.

At 12 o'clock all were invited to the dining hall, where long tables were spread with good things to eat and where all enjoyed a pleasant hour. The beautiful decorations for the table and the entire building were of ferns and roses of every kind and color.

At 1 o'clock the meeting was again called to order and all present had a rare treat in hearing the excellent short program of music and readings that had been arranged for them, as follows: Piano solo, Miss Dorothy Garrison; reading, Miss Kathryn Hand; vocal solo, Miss Juanita Powers. Miss Gertrude Longnecker of San Diego, the speaker of the day, was then introduced and gave a splendid address, her subject being "Vocational Training." Her topic was an interesting one and her talk was strong and forceful. All who heard her were greatly pleased.

Mrs. Ida Dutton of Anaheim made a short and interesting talk on education.

The Loara Parent-Teacher Association is deserving of great praise for the cordial welcome and splendid hospitality extended its guests. The next meeting will be held in Buena Park on Saturday, April 11, 1914.

### Birthday Surprise Party

Saturday night about forty of the members of the Fraternal Brotherhood "took a notion" that they would give a surprise party for Mrs. Fred Marsile on account of her birthday. The journey to the Marsile home was made on P. A. Trickey's hayrack, the crowd enjoying the ride to the fullest extent.

The arrival of the party at the Marsile home was a great surprise to Mrs. Marsile, but the crowd made themselves at home and the evening's enjoyment was soon under way. Games of all kinds were played and the time passed so rapidly that before anyone could really expect it, the time for serving refreshments rolled around. "Weenie" sandwiches, cake and coffee were enjoyed, and after wishing Mrs. Marsile many more birthdays the party broke for the wagon.

Those present were: Mesdames Deck, Dille, Clothier, Lee, Fleischman, Trickey, Turner, Clement, Kendrick, Klatt, Merigold, Marsile; Misses Julia Ryan, Anna Clark, Augusta Engle, Leone Thomas, Mary Clark, Bessie Hannaford; Messrs. Theo Lacy, Sr., Dille, Dec, Clement, Fleischman, Turner, Trickey, Kendrick, Klatt, Merigold, Schreff, Ryan, Berge, Young, Howland, Marsile, Masters, Trickey, Klatt, and Baby Kendrick.

### Progressive "500"

Mrs. J. E. Wilson entertained with a Progressive "500" party Friday afternoon at her new home, 525 East First street. Refreshments were served at the close of the afternoon. First prize was won by Mrs. Tyrell, while Miss Simmons captured the consolation.

### Merry Hearts Club

This club of girls was entertained last night by one of the popular members of the club, Miss Helen Carden. There were guessing games, music and conversation and the serving of dainty refreshments before the girls bade each other good night.

### That Michigan Picnic

The Michigan Picnic held last Saturday in Birch Park was a great success socially. Over a hundred joined in the dinner of good things to eat. President C. S. Shaw, the able officer during the past year, was absent from this part of the exercises and Elmer Shaw, vice president, presided. Officers were elected for the new or-

Tedford, one of the nominees, has asked that his friends do not vote for him as he cannot attend to the duties if elected.

BORN  
In Santa Ana, Calif., Sunday, January 11, 1914, to Mr. and Mrs. J. F. Touley, a son.

On Saturday, January 10, 1914, at 420 East Washington avenue, Santa Ana, to Mr. and Mrs. Tracy O. Frazier (nee Marie Harding) of Laguna Beach, a daughter.

TATE—At Rosalia, Washington, to Mr. and Mrs. Ivan Tate, a daughter.

—Mrs. Tate will be remembered as Miss Frances Chamberlain of Tustin.

## South Europeans Don't Need Love to Sing Well

NEW YORK, Jan. 10.—Miss Braslau, one of the new singers at the Metropolitan Opera House, in New York, decries the old tradition that a woman cannot sing at her best till she has been deeply in love.

"She may and she may not," was her enigmatical answer to the question. "I mean by that the women of the warmer climates of Southern Europe have the emotional temperament which makes it possible for their voices to attain their fullest development without having been in love. On the other hand, I believe that the women of the northern countries, where the climate is colder, and whose natures are colder, should fall in love at the earliest moment if they hope to express themselves to their fullest in any line of art."

Miss Braslau's parents came from Odessa.

"The climate there is pretty warm sometimes during the year," she laughed.

Miss Braslau was a pupil of Buzzi Peccia, an Italian teacher of music in New York city. She sang with eighteen others one day at a public exhibition before Gatti-Casazza, manager of the Metropolitan Opera House. He was so charmed by her voice that he signed a three-year contract.

"I have this theory, backed by much observation," said Miss Braslau: "If a woman is of an ardent and emotional temperament she may sing. If she has it not, she must be aroused. Love will arouse her more deeply than any other emotion she may experience."

## AUTOMOBILE TAKEN AT GARDEN GROVE IS LOCATED HERE

An automobile stolen by joy-riders from J. M. Woodruff of Garden Grove was found at the corner of First and Hathaway streets, Santa Ana. The machine was located by Officers Murray and Ryan.

## LARGE CROWD AT NAZARENE CHURCH

[E. W. Hutchens, Pastor]

A real God-sent revival is on at the Church of the Nazarene, corner of Fifth and Barton streets. A full house last night, and six seekers at the "mourners' bench" at the close. Evangelist W. E. Shepard is a fearless preacher and shows up in the light of God's Word. He is very clear, forceful and draws men by exalting Christ. A great meeting is expected tonight. Meeting every night at 7:30, and every day excepting Monday and Saturday at 2:30 p. m.

## MEXICAN DOCTOR IS FINED SUM OF \$10

Dr. Dominguez, a Mexican doctor arrested by Officers Barray and Ryan on an intoxication charge, has paid the city a fine of \$10. Bail of \$10 was put up by Charley Johnson, a window smasher, and \$10 by Fred Boosey, who hit Officer Ryan in the face when Ryan and Murray were taking him to jail on an intoxication charge.

### IN THE JUSTICE'S COURT

#### AGE ADVANCES ONE FULL YEAR

Her Parents Today Say She  
Was 18 Years Old When  
Married  
While Fleeing from Officers,  
Reyes Breaks His  
Leg

A girl's age as testified to in the justice's court today had gone up a year in the minds of her parents since they talked to Under Sheriff Law and others a short time ago. The girl, Leandra Hernandez, came from Anaheim, and married Jose Rodriguez, who swore she was 18 years old. Later Rev. Dubbel of Anaheim swore to a complaint charging that Rodriguez committed perjury in swearing that the girl was 18. The girls folks told Law she was 17. This morning at the preliminary, her father and mother both gave her age as 18. The case was dismissed.

**Seeking Warrant**  
On top of this case comes one from Talbert. Frank Ciarelli, aged 28, married Catherine Noles, aged 18, a Mexican girl, on Jan. 8. Today some of her people and some of his people were in seeking a warrant on the ground that the girl was under 18.

**Guns and Gun Play**  
There was a mess of guns around Delhi yesterday and last night. In the afternoon there seemed to be trouble afoot, and Under Sheriff Law was called. He was threatened by Juan Reyes. Law searched Reyes, and found no gun on him. Later that night, a Mexican reported that Reyes and another Mexican pulled revolvers on him. Law, Sheriff Rudlock and Deputy Boynton went to Delhi about 10 o'clock, and found a wagon in which was a loaded Winchester, a loaded revolver, a knife and an empty demijohn. Jose Morales said he owned the revolver. He became ugly and was taken to jail.

This morning Law went to find

### AT THE COURT HOUSE

#### STREET PAVES IS DEFENDENT

But Little Progress in  
Willard Trial Today

LOS ANGELES, Jan. 12.—Auditors at the Willard trial today were entertained by a recital of the history of boxing from the days of Homer to the nights of Tom McCarey, with Assistant District Attorney Joe Ford occupying the stage. Ford opened the state's argument after each side had called another witness, Charles Eytan, who referred the fatal Young-Willard match, out of which the present case grew, was called again by the defense, but little new evidence was adduced. The state called Willard's manager, Tom Jones, who was asked why fighters wear heavier gloves when training than in a contest. "To make the hands feel lighter in the ring," Jones, red-faced and perspiring, replied.

#### 40-ACRE REDLANDS ORANGE GROVE IS SOLD FOR \$60,000

REDLANDS, Jan. 12.—A 40-acre orange grove at the foot of Texas street owned by Frank H. Percy has just been sold to Edgar Cook of the Warwick Steel Company of Pottsville, Pa. It is supplied by Lugonia water. The price is understood to be in the neighborhood of \$60,000. Mr. Cook saw the property when he was here visiting, and notified Mr. Percy of his decision to buy after he returned to Pottsville three weeks ago. Mr. Cook's son, Harry Cook, who has been associated with John Replier, an orchardist of Banning, will take charge of the grove for his father.

#### ATTEMPTED TO IDENTIFY TOSH AS TRAIN ROBBER

LOS ANGELES, Jan. 12.—A. C. Wendland, the mail clerk who was aboard the car attached to the north-bound Southern Pacific train which was robbed near Los Angeles on Saturday night, entreated here today in an attempt to identify Alfred Tosh, a suspect under arrest at the county jail. Mail Clerk D. W. Perry, also on the car, saw Tosh today and said he greatly resembles the robber, but he is not certain.

The robber got less than \$100, according to postal authorities, who say he overlooked the larger amount. The officers go to Riverside tonight to see a Mexican suspect arrested there.

#### CHOCOLATE IS TO BE BANISHED AS AN ARMY RATION

WASHINGTON, Jan. 12.—In spite of the fact that chocolate is easily carried and one of the few articles of diet which will "keep" almost indefinitely, Secretary of War Garrison has ordered its abolishment as an army ration.

The reason assigned for this action is a report made by Dr. C. F. Longworth, of the department of agriculture, who declared that the army chocolate is "defective as to digestibility." Soldiers have come to regard this food as the greatest and best standby when under arms in the field, when rations may be short.

Nothing of equal nutritious value which may be carried as easily has yet been discovered by the expert who reported unfavorably on chocolate, but experiments are being made in an effort to find some substitute for it, which possesses all of the advantages of chocolate, yet will not be "deleterious to the health of the consumers," which chocolate is, according to the report.

**BASE BALL PLAYERS SIGN UP**  
PITTSBURGH, Jan. 10.—Seven major league baseball players have signed contracts with the Pittsburgh club of the new Federal league according to club officials. Jimmy Sheckard, the former Chicago Cub outfielder star, has not yet signed as manager but it is reported he will sign this week.

—The proper lubrication of the lower bowel or colon is the secret of the permanent cure of constipation. Dr. Lane's Lubricol, the intestinal lubricant, is enthusiastically recommended by all conscientious druggists.

### AT THE COURT HOUSE

#### STREET PAVES IS DEFENDENT

Trial of Mrs. W. H. H. Clayton's  
Damage Action Was Be-  
gun Today

Walter C. Martin Wants Mar-  
riage Annulled Because  
Woman a Bigamist

Contractor Werdin is in court today to defend him in the suit for \$10,000 damages brought by Mrs. W. H. H. Clayton of Orange. Up to 2:30 o'clock a jury had not been selected. Mrs. Clayton is represented by Attorneys Tarver and Hunter.

Werdin was doing street paving at Orange, and Mrs. Clayton did not think it was good. She decided to test it by cutting a hole through it. The woman had been leading a campaign against the street paver and the city officials at Orange, and the cutting of the pavement was the climax. Werdin swore to a complaint charging Mrs. Clayton with insanity. A commission found her sane, and the woman sued Werdin for damages for malicious prosecution.

**For Annulment**  
Walter C. Martin has sued for the annulment of his marriage to Marguerita W. Bigler in San Diego on Dec. 19, 1912. Martin asserts that he thought the woman was single when as a matter of fact she had a husband, Chris Bigler, living and undivorced.

**For a Divorce**  
Maggie Carter has brought suit for divorce against J. M. Carter. M. A. Cain is attorney for the plaintiff.

**All Over a Duck**  
This morning a jury was selected in Judge West's court to try James Bryant of Los Angeles on a charge of assault with a deadly weapon. Bryant's trouble arose over a duck. He was out hunting near Sunset Beach Oct. 1. A duck was killed. He claimed it. So did Norton Hatfield of Anaheim. Bryant hit Hatfield in the mouth with a gun, and broke his jaw. Then C. M. Fender rushed up and it is claimed Bryant pointed the gun in his direction and told him to go. For hitting Hatfield Bryant was fined \$100 at Huntington Beach. He is on trial for threatening Fender.

Deputy District Attorney Koepsel is prosecuting and Los Angeles attorney appears for Bryant. The jury: R. P. Seividge, G. W. Minter, L. K. Scott, Van Wyck, W. D. Rose, J. A. Evans, F. M. Walter, O. H. Marryatt, Charles Ross and M. A. Clever.

### CHINESE ATHLETES LED

TIENTSIN, Jan. 12.—Half of the gold medals and over a third of the silver and bronze trophies hung up in the international sports meeting here, under the auspices of the Army Y. M. C. A., were won by Chinese amateurs. Their principal opponents, British and American soldiers stationed here, were astonished. "Very few of the winning Chinese are graduates of foreign universities."

### RESUME FIGHT FOR RATES

DENVER, Jan. 12.—The fight of the northern Colorado cities to get a more equitable freight rate on coal shipped from the northern Colorado coal fields will be resumed before the State Railroad Commission today. It was to have been resumed last month, but was postponed. The Greeley Commercial Club started the suit to have cut in half the rate of \$1.10 a ton on lump coal.

**WANTED—BY "KNOW HOW" SHOP**

709 N. Sycamore St., Opp. Court House

### BETTER METHODS NEEDED

There is a serious suggestion for the country in the fact that the farms of Missouri fell off \$12,000,000 from the previous year in the value of their crops for 1912. Nor does this accurately give the shrinkage in the crop, for the prices obtained by the farmers were all higher this year than last, so that the actual crop shortage is really greater than \$12,000,000 indicates. The large farm fad is a mistake—and unsentimental farming is another. If every farmer were to sell one-half of his holding and put more modern science into the other half, he would have a larger yield, at very much less cost, than at present from the whole. All Europe raises two and a half to three times more, per acre, than we do. It would obviously be much cheaper, much easier and much less discouraging to raise the same amount on twenty-five acres than is now raised on fifty, and it can be done by exerting a little common sense. With prices running constantly higher through lack of sufficient production, it is a serious matter to find the inventory of the year's production reporting such a shortage in a state like Missouri.—San Diego Union.

### CHARIOT RACING RETURNS TO FAVOR

Exciting Race in Sydney Where  
Three Competitors Raced  
Track Abreast

Boston Transcript: Chariot racing is returning to favor. Recently at Sydney a chariot race was run that stirred all the inhabitants to a fever of excitement. The spectacle was nearly a duplicate of a Roman circus pageant. Three competitors trotted around the track abreast. The horses and drivers seemed to go crazy. The horses bolted, and in the swaying, creaking chariots the men crouched and yelled and urged them on. The ground was torn up in a hurricane of dust which the maddened animals left behind them. Then a smash came. The pole of the leading chariot broke away from the harness and the foremost horse and plunged into the track. The second chariot swerved and passed with only a few inches to spare. Still the leading horses galloped with the pole striking up spurts of dust that flew back in the face of the driver, who clung grimly to the reins and at last pulled up his team. The miracle was that the pole was not caught in the ground and driven backwards through the car. Corporal Haywood's courage in hanging on to his horses was cheered. He escaped without injury, but the legs of the horses were damaged and it was decided not to race them again.

The other two chariots were raced again, and the crowd was wrought to feverish excitement, the shouting being deafening. The chariots went around neck and neck for nearly quarter of a mile, and then Corporal Earp's rear wheel shot off and the axle and the chariot lurched over and rocked along on one wheel. It was the most exciting event introduced in Sydney for many a day.

**Ready to Oblige**  
Little John, visiting a neighbor, was given a piece of bread and butter, relates the Pittsburgh Dispatch. "Thank you, ma'am," he said politely. The giver beamed upon him. "That's right, John," she said approvingly. "I like to hear little boys say 'thank you'."

John's answering smile took on an insinuating nature. "If you want to hear me say it again," he sweetly suggested, "you might put some jam on my bread."

**Under False Colors**  
"Although I was traveling incognito," mused Plodding Pete, "I was received with marks of distinction too numerous to mention. People of wealth and position vied for my attention."

"What are you doing?" asked Meandering Mike. "Dreamin' out loud." "No, I'm talkin' about when I was in Kansas pretendin' I was a farm hand lookin' for work."—Washington Star.

### CRAVATH GETS FANCY OFFER

Baltimore Federal Team Would  
Tantalize Him With  
Figures

Gavvy Cravath is sought by the Baltimore team of the new Federal League, but as yet Cravath has given no answer to the offer that came to him Saturday from Knabe, manager of the Baltimore team. Cravath was here Saturday from Laguna Beach, where he lives. He received a telegram from Knabe, who played second base on the Philadelphia team, on which Cravath plays, offering Cravath \$4,000 cash and \$6000 a year for two years to sign up with Baltimore. Cravath seems not at all disposed to leave the Philadelphia team, but the money offer is certainly a persuasive one. He expects to hear from Philadelphia soon, and will not answer the Baltimore manager until that time.

### BITTER WATER WAR NOW LOOKED FOR AT VISALIA

VISALIA, Jan. 12.—It is now expected that by February 5 the preliminary steps in the big Poplar Irrigation Company vs. A. A. Howard et al. suit will have been completed and the path cleared for a bitter water war between land owners on Tule river and the company. A further extension has been granted thirteen defendants to answer the complaint.

The Poplar Irrigation Company claims most of the water in Tularia river and seeks to stop the property owners along the stream from taking any water ahead of them. Their suits involve practically all of the owners of land from Poplar to Springville. It promises to become one of the hardest water fights in the history of the county.

### DENVER WILL HAVE JOINT OBSERVANCE OF PATRIOTIC DAYS

DENVER, Jan. 12.—The combined observance of Lincoln's and Washington's birthdays will be held here some time in February if preliminary plans being made today by Governor Ammons are carried out. Representatives of fifteen patriotic societies have appointed a subcommittee to arrange a tentative program for the exercises. The program will not be a series of long addresses that might tire. It will be a varied one of competitive drills, songs and other numbers appropriate to the occasion. A dozen other patriotic societies are expected to lend support to the plan.

### SETTLEMENT OUT OF COURT FAILS IN NEGOTIATIONS

NEW YORK, Jan. 10.—It was learned yesterday that negotiations between the American Sugar Refining company and the department of justice for a settlement out of court of the government's anti-trust suit have been terminated.

The end of the efforts for a peaceable solution which have been going on for over two months came as a shock to the financial district.

### NOTICE OF BUSINESS CHANGE

—Notice is hereby given that the partnership heretofore existing between A. J. Smiley and R. R. Smith, doing business at 401 West Fourth St., Santa Ana, California, under the name of "Smiley & Smith," has by mutual consent and agreement been dissolved, A. J. Smiley retiring.

The business will be continued at the same place, under the name of R. R. Smith, who will be responsible for all indebtedness of the partnership and to whom all bills due the firm are payable. All persons knowing themselves indebted to Smiley & Smith will please call and settle their accounts. A. J. SMILEY, R. R. SMITH.

## RAILROADS ASK CANCEL LOW RATES

Apply to State Commission for Leave to Abrogate Certain Excursion Tariffs

## ORANGE COUNTY CITIES AFFECTED

Protests of Commercial Bodies Filed and Present Round Trip Charges Urged

An application of the 'steam railroads operating out of Los Angeles to cancel certain excursion rates to local points was submitted to Commissioner Edgerton of the State Railroad Commission Saturday, together with protests of representing commercial bodies of various cities involved.

The Santa Fe seeks authority to cancel its eight-day round-trip fares from Los Angeles, Pasadena, South Pasadena, Raymond and Los Robles to North Pomona, Upland, Riverside, San Bernardino, Corona, Colton, Redlands, Orange, Santa Ana and Anaheim, and also its Saturday-to-Monday round-trip special fare from Redlands to Los Angeles. The Southern Pacific asks for authority to cancel its eight-day round-trip fares from Los Angeles and Pasadena to Chino, Colton, Norod, Ontario, Pomona, River, San, Redlands, San Bernardino, Anaheim, Bloomington, Santa Ana and West Orange. The Salt Lake asks for the cancellation of similar excursion rates from Los Angeles and Pasadena to Pomona, Norod, Ontario, Riverside, Colton, San Bernardino and Redlands.

It was pointed out that this step was made necessary by frequent demands upon the railroads for reductions by the different cities on the ground of discrimination. Representatives of the cities, however, requested that the present rates be held intact, explaining that extensive industrial arrangements had been made through the belief that the rates would be in effect indefinitely, and a change probably would materially interfere with such plans.

## FAST MILE IS RIDDEN HERE

Excelsior Machines Had All the Best of It in Races Yesterday

Yesterday's races at the Santa Ana race track found the track in fine condition. There were several thrills for the spectators all through the program arranged by the management.

The real stars were Don Johns of Los Angeles and Frank Sawyer of Santa Ana.

Sawyer was the only local boy to make much of a showing. This lad is one of the best riders in the South. He was entered in two races and was never hard pressed at any time. His little single Excelsior was working in fine shape.

Inman, another local boy, rode a single Harley Davidson to victory, but the time was slow. Myers on a single Excelsior, spilled at the north turn, but got up and was going after Inman, and had gained three quarters of a mile. Still Meyers all but beat the Harley man out after a pretty burst of speed.

The speed lovers were given something to suit them when Don John, Stokes and Roy Shaw all hooked up in a five mile and eight mile act, both of which were won by Johns. This fearless little rider showing his heels to his rivals, made some of the fastest time ever made in competition.

The time for the five mile event was 4 minutes and 31 seconds, an average of 54 seconds a mile, and the eight mile event was won in 7 minutes and 12 seconds, an average of 53.35 seconds to a mile.

The only two men to win a first place outside of Excelsiors was Hefelfinger on a Pope, beating an Indian to it by a sensational spurt and steady riding which carried him across the line a winner by about fifty feet. The other was Ludlow on an Indian, who won the second event.

There were three trials for records. Shaw, the first man up, did the mile circle in 54 seconds. Stokes, second man up, beat this by doing the mile in 52.3-5, and then Don Johns came along and negotiated the distance in 51 seconds flat, three-fifths of a second away from the track record.

There was an exceptionally large crowd present to enjoy the sport. The events:

## REGISTRATION AS EXPECTED

Chester H. Rowell of Fresno Interviewed While at Riverside

Riverside Press: "Registration is about as I expected," said Chester C. Rowell, editor and proprietor of the Fresno Republican, who is here to address the Progressives. "The Progressive registration is fair, but nothing startling, as you have observed. There are many who wait before aligning themselves with a new cause. It is a good deal easier to do something you are used to doing than it is to do something new. This truth applies to politics as well as to

other affairs of life.

"The Progressive vote in the election will be at least twice the registered vote, however, when that is all in. The vote for Bird in Massachusetts is indicative. It was something more than ten times the registered Progressive vote.

"There is no reason for registration in the present campaign, except a sentimental one—the desire of a man to stand up and be counted for what he thinks is right. If there were a serious contest on in the Progressive party, the registration would be much heavier. The only semblance to a contest is the one for nomination of United States senator, with myself and Francis J. Heney as candidates."

Mr. Rowell declared that he is not greatly interested in the question of who should be nominated by the Progressives for senator. He said he is not yet certain he will stand as a candidate. He is in the city to attend the gathering of county Progressives held this afternoon and evening.

### SOCIAL DANCE

—The Williams School for Dancing will give a dance in the Armory hall Wednesday evening, January 14.

## PARENT-TEACHER ASSOCIATION OF THE COUNTY IN MEETING

ANAHEIM, Jan. 12.—The Orange County Federation of Parent-Teacher's Associations held an all-day meeting at the Loara schoolhouse Saturday. The morning session was devoted to business and the various reports of the county associations. During the afternoon an excellent program had been arranged and several speakers of note were heard. A large delegation was present from all of the associations throughout the county. Several carloads of choice navel oranges were shipped by the Anaheim Fruit Association this week. It is believed that this year's crop will exceed all previous seasons, as the fruit is of such fine quality and bids fair to bring the highest prices in the eastern markets.

## The Best and Cheapest Deep Well Pump

REASONS WHY P. K. WOOD DEEP WELL PUMPS ARE THE BEST:  
No Pit Required. No Priming Required. They Pump Sand and are not affected by it. Require the Least Power for amount of water pumped. Throw the Most Water. Will lift 100 inches of water from a 7-inch well.  
Sold under an absolute guarantee. For further information write or phone

From the Los Angeles Financial News

## Price Current on Crops

The Cincinnati Price Current, in its review of crop conditions, says: "Winter wheat has passed through an unusually warm period and in the southern section of the belt the plant has made a heavy growth. In many places it is reported as having reached the jointing stage, which, if it develops, may impair the crop, for cold weather would do great damage in that stage, although there have been instances where freezing weather cutting back the premature development of the plant was not attended with serious consequences. The big snow storm in the mountains extended eastward with rain and colder weather and the plant is probably now entering its winter stage, somewhat belated, very rank in growth, and if the soil is frozen in a very wet condition, there will be much winter killing. But that is not yet within the range of prediction.

"Hog slaughtering for the week, 717,000, against 578,000 the preceding week, and 650,000 in the corresponding week a year ago. Total from November 1, 3,229,000, against 2,695,000 last year.

## No Oil for Mexican Railroads

Producing oil companies in Mexico have cancelled their contracts with the National railways of the Republic to supply them with fuel oil. This is regarded as one of the most serious blows dealt the government, because it is likely to bring about early suspension of all railway traffic, which would interfere greatly with military operations and would strike vitally at the commerce of the country. Most of the oil used by the railways is produced in the coast region of Tampico and southward. Nearly all the locomotives have been using oil for some years, and the scarcity of coal will make a return to that fuel difficult. If the Mexican Railway also is barred from the use of oil, and it is assumed it will be, even ordinary passenger traffic between the capital and the coast may become irregular.

## Standard Oil Shareholders

A compilation of the number of shareholders in a majority of the subsidiaries of the Standard Oil Company in 1913, compared with 1912, and the share capitalization in 1913, is as follows:

| Company              | Share Capital | Stockholders |
|----------------------|---------------|--------------|
| Atlantic Refining    | \$5,000,000   | 3971         |
| Borneo-Serimiser     | 200,000       | 4276         |
| Cheesebrough Mfg.    | 250,000       | 3117         |
| Colonial Oil         | 10,000,000    | 5000         |
| Cumberland Pipe Line | 1,000,000     | 2792         |
| Eureka Pipe Line     | 5,000,000     | 3690         |
| Galena Signal Oil    | 14,000,000    | 4017         |
| National Transit     | 12,727,572    | 4500         |
| Prairie Oil & Gas    | 18,000,000    | 4350         |
| Solar Refining       | 2,000,000     | 3117         |
| Southern Pipe Line   | 10,000,000    | 4125         |
| South Penn Oil       | 12,500,000    | 3605         |
| S. W. Pa. Pipe Line  | 3,500,000     | 3497         |
| S. O. of Cal.        | 44,333,993    | 5542         |
| S. O. of Ind.        | 39,000,000    | 4467         |
| S. O. of Kans.       | 2,000,000     | 2826         |

| Vacuum Oil           | 15,000,000    | 4088         |
| Waters-Pierce        | 400,000       | 1891         |

## Former Officials Indicted

On a charge of having used the mails to defraud ten men formerly connected with the defunct American Union Trust Co., Kansas City, have been indicted. Those named in the indictments are: H. W. Richardson, Vancouver, B. C., formerly president of the trust company; John W. Thompson, formerly judge of the Probate Court of Nowaday County, Missouri; W. L. Moyer, Chicago; J. Bainbridge Jones, Cornell, N. Y.; Thomas E. Watkins, Los Angeles; A. R. Fuller, Seattle; George L. Davis, Ernest D. Martin, Thomas A. Roberts and John W. Beery of Kansas City. When the institution failed its assets were \$395,000, and bills payable \$493,000. Over 3000 persons were involved in the failure.

## Work of Railroad Commission

A summary of the work done this year by the State Railroad Commission shows that 99.38 per cent of its orders have been put into effect untested. Up to June 30 the commission authorized \$146,000,000 and refused the issue of \$13,000,000, the issue of stocks, bonds and notes aggregating \$146,000,000 worth of stocks issued without proper authority. Utilities under the jurisdiction of the committee report total assets of \$4,122,195,919.

## Transfer of Murphy Property

On Monday final and formal exchange of papers was made in the sale of the properties of the Murphy Oil Company, comprising 3700 acres of oil land near Whittier, to the Standard Oil Company. Possession was yielded to the Standard from date of December 1. The amount paid was approximately \$5,500,000 cash and a royalty of about 22 per cent of the net yield. It is estimated that these royalties will yield the Murphy Company \$20,000,000 more.

## Associated Oil Dividend

Inquiry is made regarding when the Associated Oil Company will announce a dividend in view that the directors are said to hold a meeting in the near future. The company in April of this year announced a dividend of 1 1/2 per cent; six months later another one of like amount was declared. In view of this it is not likely that another will be declared until April, next year.

## Salt River Project

Forty acres of irrigable land has been decided by the Interior Department as the proper farm unit on the Salt River irrigation project in Arizona, it having been determined that under normal conditions that amount of land on the project will more than well support an average family.

## Bank at Visalia Closed

Declaring that the Citizens Bank of Visalia "is in an unsound and unsafe condition to transact business; that it is unsafe and inexpedient to continue," State Bank Superintendent Williams has taken possession for the purpose of liquidating its affairs. The bank is capitalized at \$50,000, has combined assets and liabilities of \$187,000. Deposits are approximately \$100,000. The institution was closed Thursday.

## Not Guilty the Verdict

The jury in the Cleveland oil case, on trial in Los Angeles, on Friday returned a verdict of not guilty. They were out 40 hours.

## California Petroleum Earnings

Earnings of the California Petroleum Company for this year are said to exceed those of 1912. This fact is brought out in connection with the declaring of the regular quarterly dividend on the 5th inst. of 1 1/2 per cent, exclusive mention of which was made in last week's issue of The Financial News.

Additional facts in connection with the operations of the company show that the production of the company last year, that is the American Oilfields Company and the American Petroleum Company, the operating companies of the California Petroleum Company, was 5,700,015 barrels. Thus far this year the production shows a falling off compared with the ten months last year. Here are the figures showing the output of the company for the ten months ended October 31, 1913, and the same period in 1912. They follow:

|           | 1913.   | 1912.        | Changes. |
|-----------|---------|--------------|----------|
| January   | 473,929 | 461,891 Inc. | 12,048   |
| February  | 422,254 | 424,721 Dec. | 2,467    |
| March     | 455,908 | 491,378 Dec. | 35,470   |
| April     | 444,529 | 476,961 Dec. | 32,432   |
| May       | 475,763 | 473,104 Inc. | 2,659    |
| June      | 443,729 | 488,708 Dec. | 44,979   |
| July      | 454,627 | 477,424 Dec. | 22,797   |
| August    | 479,218 | 494,415 Dec. | 15,197   |
| September | 452,908 | 490,199 Dec. | 37,291   |
| October   | 467,711 | 475,071 Dec. | 7,360    |

Total, 10 mos., 4,570,585 4,753,872 Dec. 183,287 At the same time for November and December in production the falling off for the year compared with 1912 will be around 200,000 barrels. The topping plant of the company, which began operations in February, is said to disclose a good profit and the year's report will probably show a margin of something over \$100,000, after payment of the full preferred dividends of 7 per cent for the year.

## Profits in Biscuits

Loose-Wiles Biscuit Company is one of the newer industrials whose gross and net earnings promise to show a material increase this year. The nine months' earnings to September 30 are reported to show a gain in gross of about 1 per cent, and the net of nearly 50 per cent. It is expected that the fiscal year ending December 31 will show net profits of between \$900,000 and \$1,000,000, and this after a conservative taking of the inventory and a generous allowance for depreciation. If this amount is realized, it would leave, after 7 per cent had been paid on the two issues of preferred stocks, between 5 per cent and 6 per cent for the \$8,000,000 common.

## Gain in Copper Surplus

The monthly report of the Copper Producers' Association for November, just made public, shows last month to have brought an increase of 15,263,047 pounds in the surplus supply of copper on hand. The surplus on December 1 aggregated 47,929,429 pounds, against 32,566,382 on November 1. A year ago the supply was approximately 86,000,000 pounds. Production during November was less by about 5,000 pounds than in the preceding month. Domestic deliveries fell off 19,516,862 pounds, and the foreign demand showed a moderate gain. Total deliveries for November were less by about 17,500,000 pounds.

## Coinage at the Mints

The coinage executed at the United States mints during November included double eagles valued at a total of \$600, half dollars amounting to \$117.50, quarter dollars \$62,058.75, dimes \$545,000, making a total of gold and silver coinage of 5,699,500 pieces, amounting to \$607,776.25. Grand total coinage, 17,124,303 pieces, and 1,786,518 one-cent pieces, making the amount to the value of \$1,108,325.68.

## Pioneer Locator Called

Alfred Onn, one of the pioneer locators of the Southern California oil fields, and of late years a prominent mining man of Shasta County, is dead in Chico of Bright's disease. He was 70 years old. Onn recently sold to the Mammoth Copper Company of Shasta County the famous Spread Eagle group of mines near Kennett.

## Canal to Open in January

Officials of the Panama Canal Commission believe that if no further slides take place, the first ship will go through the Canal in January instead of sometime next summer, as had been expected. A channel seventeen feet deep and ninety feet wide has been completed through the Cucuraca slide. The large dredge Corozal and others made the passage this week. Seven dredges are now at work excavating the slide and if there are no further movements of the slide, the Canal will be in condition for through navigation next month.

## Will Hurrah for Law

A leading Chicago bank president is quoted in an interview as saying: "I believe finance has finally turned the corner and it is not merely a good time for investment in standard securities, but also for legitimate enterprises to make preparations for better times. The currency bill is 78 per cent good and will be a law soon. Then you will find all bankers whooping for it."

## Government Ownership Railroads

In an address before the Chamber of Commerce in Rochester, N. Y., U. C. Brown, president of the New York Central Railway, declared that unless an increase is permitted in railroad rates by the Interstate Commerce Commission that the country must face the inevitable result of government ownership.

## Ancient Seal Broken Up

After being in constant use for 532 years, the official seal of the Corporation of London, England, has been formally broken up and a new one has been substituted. The old one had only one predecessor, which was destroyed in 1381 because it was "too small, rude and ancient."

## For Government Telegraph

In his annual report Postmaster General Burleson flatly advocates Government ownership of the wire service of the country. It is understood that Mr. Burleson is considering whether the Lewis bill should be endorsed by the Administration or whether another measure should be framed.

## A BATTLESHIP WAS GRANTED

A Battleship Will Be at Huntington Beach on March 10

HUNTINGTON BEACH, Jan. 12.—The city trustees have agreed to grant to the Pacific Light & Power Company a forty-year franchise for supplying light and power to this city, the present supplying company, the Huntington Beach Company turning over its wires and poles to the new concern. The rate will be reduced two-fifths— from 20 cents a kilowatt to 8 and possibly 7 cents. This fact will greatly encourage new manufacturing concerns which use electricity for power in locating here.

A four-foot concrete bulkhead is shortly to be built from Main street across the pier site to the end of the bath-house, and plunge, and the remaining nine feet to the top of the mesa at the ocean end of Main street will probably be terraced and sodded, adding much to the appearance of the ocean front. Work on the bulkhead is to be begun at once.

The Pacific Oilcloth & Linoleum Company, at a meeting of its stockholders held here Saturday, decided to increase its daily output from 600 to 1200 yards daily, and to increase the dimensions of its plant from 50 to 250 feet to 65 by 325 feet. Work on the construction of the plant, which will employ about 100 men, will be begun in a few days. The company will refine its own oil and varnish. Superintendent George W. Hedge of Philadelphia arrived here Friday and with Manager Gustav Frenkel is now in charge of plans and construction of plant.

Advices from the secretary of the navy, just received by Louis Paul Hart, secretary of the local board of trade, assure the presence here of a United States warship on the occasion of the celebration of the completion of the pier on March 10. Senator Works and Congressman Kettner were instrumental in securing the favor from the secretary of the navy.

## EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a Glass of Salts if Your Back Hurts or Bladder Bothers

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delicious effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Advertisement.

## Notice to the Public

The firm of Smiley & Smith being dissolved, the business being continued by R. R. Smith, who assumes all accounts and collects all bills. Those knowing themselves to be indebted to the firm will please call and settle. From this date all small bills must be cash. No credit will be extended except to those who have formed the habit of coming in and paying promptly every month. Hereafter will not make special deliveries with small orders, but will systemize delivery to reduce cost to a minimum consistent with efficiency.

Thanking you all for your liberal patronage in the past, and will endeavor to merit your patronage in the future. Very truly yours, R. R. SMITH.

## Notice of Business Change

—Notice is hereby given that the partnership heretofore existing between J. A. Miller and F. C. Nichols, doing business at 416 and 418 North Sycamore street, Santa Ana, California, under the name of "Auto Specialty Co." has, by mutual consent and agreement been dissolved, J. A. Miller retiring.

The business will be continued under the same name and at the same place by F. C. Nichols, who will be responsible for all indebtedness of the partnership, and to whom all bills due the firm are payable.

F. C. NICHOLS,  
J. A. MILLER.

Worms the Cause of Your Child's Pains  
A foul, disagreeable breath, dark circles around the eyes, at times feverish, with great thirst; cheeks flushed and then pale, abdomen swollen with sharp cramping pains are all indications of worms. ## WILL EXPEND \$3,000,000

Standard Oil Co. Going to Start  
Twenty New Wells in  
This County

FULLERTON, Jan. 12.—More than \$3,000,000 will be expended and twenty new wells will at once be drilled by the Standard Oil Company on the Murphy lease, northwest of Fullerton, according to a well-founded report. Three miles of boulevard is now being constructed to the proposed Murphy camp at great expense. When the road has been completed so that material can be carried to the lease, construction work on the camp will be begun.

In an effort to break the depth record of 5800 feet, the drillers on the W. H. Fisher oil lease lost their tools after attaining a depth only 800 feet above the coveted level, and were set back to 4800 feet in recovering them. Oil men a short time ago were interested by the announcement that if the Fischer well did not make a strike, the company would drill the deepest well west of the Rocky mountains. The deepest at present is a Union well, located at Rosemary station, near Los Angeles.

On the Petroleum lease two wells are drilling. One is down 3500 feet and the other 3300.

### NOTICE TO THE PUBLIC

I wish to notify my patrons that I have sold my transfer line, known as the Pioneer Truck Co., to the Santa Ana Transfer Co. I take this opportunity of thanking my customers for their patronage. All bills due are payable to the undersigned.

R. L. REED, Manager,  
Pioneer Truck Co.  
308 E. Fourth St.

## IN ONE MINUTE! CLOGGED NOSTRILS OPEN—COLD AND CATARRH VANISH

Stops Nasty Discharge, Clears Stuffed Head, Heals Inflamed Air Passages and You Breathe Freely.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at Cream Balm and your cold or catarrh any drug store. This sweet, fragrant balm dissolves by the heat of the nose-

trils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dripping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" at Cream Balm and your cold or catarrh will surely disappear.—Advertise balm dissolves by the heat of the nose-

## MAY MEAN A COURT FIGHT

Street Paving at Anaheim  
Brings Out Strenuous  
Objections

ANAHEIM, Jan. 12.—At a meeting of the city council held Friday evening, a petition protesting against the proposed passing of a resolution to pave South Lemon street, and signed by J. W. Dickenson and others, was presented to the board by Hans V. Weisel. The protest is based on the fact that a large share of the property fronting on Lemon street is acreage, and that the street is not sufficiently well traveled to warrant such expensive paving.

A resolution to pave this street from the intersection of Center street to the city limits was passed some time ago and later rescinded owing to a technical error in the grade established. At this time many of the property owners now protesting against the movement was favorably inclined. Approximately 5700 feet is owned by the petitioners, while the owners of 1862.50 feet are known to be active in working for the improvement.

After a comprehensive discussion of the project in which many of the petitions were heard at length, the council passed the resolution to pave the street and as the specifications are completed the clerk was advised to advertise for bids. H. V. Weisel, counsel for the plaintiffs, stated that they were contemplating taking action in court against the city. The erection of an ice and cold storage plant as proposed by the National Bonding Company of Los Angeles, has so aroused local enthusiasm that a special meeting was called by the Board of Trade for the purpose of organizing an ice and cold storage company independent of the bonding company. At that time about \$3000 was subscribed and as much more promised. Steps will be taken to combine forces on the project and an amicable arrangement will be made between the two bodies, for although Anaheim is greatly in need of this public utility, it will not be able to support two ice plants at

this time. A committee was named by the board for the purpose of further investigating the proposed improvement. Herman Stern, A. A. Mills and F. W. Fleishman were appointed.

It is the intention of the Anaheim Board of Trade to intervene in the matter of withdrawing the reduced rate tickets on the part of both railroads, and to ask that some compensating arrangement be made. They will suggest that if the present rate of 80 cents round trip for Sundays is to be withdrawn that a reduced rate of like amount will be placed on for Tuesday, thereby enabling the home-seekers to come here on that day. A committee will wait upon the Railroad Commission tomorrow and report at the regular meeting of the board Monday evening.

## FIVE MINUTE CURE IF STOMACH BAD

"Pape's Diapepsin" is Quick-  
est, Surest Indigestion  
Cure Known

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Advertisement.

## A WORD OF CAUTION CONCERNING AVOCADO

Department of Agriculture-Tells  
of Experience With  
Fruit

To prospective avocado planters in Southern California who may consider the advisability of planting avocados on an extensive scale, the United States department of agriculture offers a word of caution. Many varieties of avocado of which a considerable number have recently been imported from without the state, have never fruited at any point within the state, so far as is known to the department. For this reason their suitability for commercial culture in their new environment is still a matter of question. In its proper environment the avocado bears a fruit like a large pear.

Experience with young avocado trees of certain varieties, principally the large fruited West Indian and South American kinds introduced in Southern California, seems rather discouraging than otherwise. The newly introduced plants have proved considerably more susceptible to frost than some the Mexican types which have fruited in California, and during the cold weather of January, 1913, many trees of the West Indian and South American varieties which have been tested were much more tender than numerous Mexican varieties established in the California trade.

California avocado planters have seemed particularly desirous of obtaining a variety that ripens late in the fall. The mere fact that a variety fruits in Florida in the fall does not necessarily determine that it will fruit during the same season in California. Indeed, the different climatic conditions of the two regions might possibly alter the fruiting season. This is known to be the case with several varieties introduced to California from other regions.

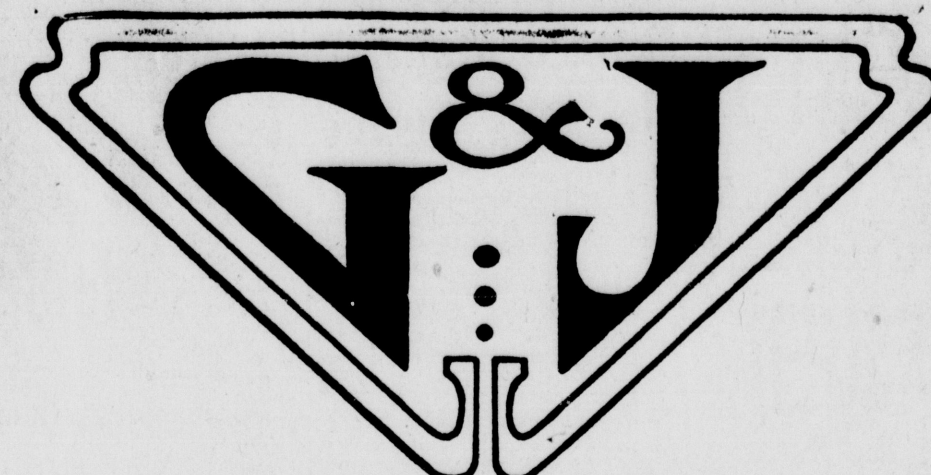

Numerous varieties of avocado which have originated locally as seedlings, are now offered by California nurserymen. Others have been introduced from the cooler regions of Mexico, and give promise of being as well adapted to California conditions as those of local origin, most of the local seedlings, in fact, being the progeny of trees growing at various points in Mexico and Guatemala.

Those who contemplate the establishment of a commercial avocado orchard at present would certainly be safer, therefore, the department can say, in planting varieties which they know to be adapted to California conditions rather than to undertake the extensive planting of any varieties, the hardness of which has not yet been established.

## LOS ANGELES IS FIFTH IN U. S. BUILDING RECORD

CHICAGO, Jan. 10.—Los Angeles stands fifth among the great cities of the nation in building operations for December, according to the table prepared by Construction News on reports from eighty-three cities. These reports show that last month permits were issued in Los Angeles for the construction of 1053 buildings, with an estimated cost of \$2,156,951.

Women everywhere are very much alike. They want to do their work well, but they also want to do it in the easiest way. And nearly everybody knows that Fels-Naptha is the easy-way soap. It works best in cool or lukewarm water; it takes out stains—even stubborn blood stains; it cleans, freshens and brightens everything it touches. It does the hard part of your work.

Follow the directions on the Red and Green Wrappers. Better buy Fels-Naptha by the box or carton.
